

What Your Test Results Mean

Accessible version available at <https://www.cdc.gov/coronavirus/2019-ncov/testing/diagnostic-testing.html>

If you test positive for COVID-19

TAKE STEPS TO HELP PREVENT THE SPREAD OF COVID-19

STAY HOME

STAY HOME.

Do not leave your home, except to get medical care. Do not visit public areas.

STAY IN TOUCH WITH YOUR DOCTOR.

GET REST AND STAY HYDRATED.

Take over-the-counter medicines, such as acetaminophen, to help you feel better.

SEPARATE YOURSELF FROM OTHER PEOPLE.

As much as possible, stay in a specific room and away from other people and pets in your home.

The results of my covid 19 test, using a rapid result of the covid 19 antigen was positive, it has been recommended that I should be in quarantine (minimum 5 days) also I should take the PCR test of covid 19 to confirm the accuracy of the test of Recently taken antigen, free tests can be located at <https://covid19.ca.gov/get-tested/#Testing-guidance>. You have also suggested that in order to report this positive result to the government, I should provide my home address and phone number (if available) however for privacy purposes, I refuse to share this information.
